Karnataka Security Services has large number of security personnel and a big list of clients which include business and consulates, multinational companies, corporate offices, industrial units, Government of India companies and residences.

In respect of our guarding services, Karnataka Security Service provides smartly uniformed, highly trained and well supervised guards who are responsible for the security and safety of assets, personnel and property and guard them against losses due to thefts, pilferage, intrusions, fire, flooding and accidents.

Guarding services are carried out through the provision of guards for static posts and mobile/beat patrols for all types of premises. Karnataka Security Service carry out the following functions at individual premises:

- Gate / Entrance Control
- Reception
- Internal Patrols
- Response Functions

We believe our success can be attributed to the way in which we approach this business. The Karnataka Security Service philosophy is that all guards are part and parcel of Karnataka Security Service and treat any problem as their personal problem. They are selected carefully, thoroughly vetted and properly trained. Karnataka Security Service are smartly uniformed, equipped and well supervised.

Background Check Ups

This procedure is being used prominently by all of our clients for Criminal or Police verification, employment verification, residence verification, qualification verification, reference verification and also the post employment verification for the fact whether any of their employee was ever entangled in any conduct which was unbecoming of his position while he was serving with his previous master.
